MISSION

The Delta Gateway Foundation Inc. is a philanthropic organization that exists to support educational and social initiatives that empower individuals particularly women of African descent.

HISTORY

In January 1996, the Cincinnati Alumnae Chapter of Delta Sigma Theta Sorority, Inc. established the CACDST Committee. The Committee as tasked with managing proceeds from the sale of real estate that the chapter had owned. In 2003, that effort evolved into a new group that began the research and laid the groundwork to establish the Delta Gateway Foundation. In November 2004, Delta Gateway Foundation, Inc. was officially awarded 501(c)(3) status.

DGF generally funds grants for girls and women that promote the following:

- Educational and scholastic achievement
- Social well being and quality of life
- Youth development and social change

Brightening the Path to Opportunity **Brightening the Path to Opportunity**

There is a tremendous need for services such as mentoring for at-risk teens, literacy, job readiness training, and math and science tutoring, just to name a few. The demand for resources to support higher education, youth development and community outreach continues to grow. Through the Delta Gateway Foundation, Inc., we will build the relationships, leverage the resources and create the funding streams to enhance and establish sustainable solutions. Our vision is to promote self-sufficiency and financial independence for women.

You can help make a difference with your tax-deductible gift in any amount. We need you to help us stand in the gap for those committed to making their dreams a reality by-

"Brightening the Path to Opportunity."
